

2018 Texas Section Society for Range Management Annual Meeting

3MT® Competition Sponsored by: East Foundation

Moderator: Dr. Poncho Ortega

1:45: 1:50 Welcome, Dr. Tyler Campbell, East Foundation

Accelerating Growth of Ocelot Thornscrub Habitat

Jose G. Cortez Jr., CKWRI, Texas A&M University-Kingsville

Quail Habitat Restoration in Areas Dominated by Non-Native Grass

Ellart "Dutch" Vreugdenhil, CKWRI, Texas A&M University-Kingsville.

Habitat Based Probability Distribution Model for Desert Bighorn Sheep

Carlos E. Gonzalez, Texas A&M University, College Station

Winter Ecology of Sandhill Cranes on the Southern High Plains and Implications for Adaptive Resource Management

Kathryn Brautigam, Texas Tech University

Movements, Survival, and Habitat Use of Desert Bighorn Sheep in the Black Gap Wildlife Management Area, Texas

Taylor Daily, Sul Ross State University – Borderlands Research Institute

Effects of single-season, high-stocking rate, short-duration grazing on Texas wintergrass (*Nassella leucotricha*)

Katherine Hood, Tarleton State University

Pronghorn preferred forage production in relation to cattle grazing regimes in the Trans- Pecos, Texas

Jacob Locke, Borderlands Research Institute – Sul Ross State University

Investigating Factors that Influence Northern Bobwhite Chick Survival

Veronica Urbanczyk, Texas Tech University

Cattle Grazing and Forb Production for White-tailed Deer can be Compatible

Dillan Drabek, Texas A&M University - Kingsville

Looking for water before fire

Jose Silverio Avila Sanchez

Caesar Kleberg Wildlife Research Institute, Texas A&M University Kingsville

Integrating Wild Turkey Survey Methodology with Habitat Suitability Models in North Texas

Darrion Crowley, Caesar Kleberg Wildlife Research Institute, Texas A&M University-Kingsville

Distribution of Kit Fox in the Trans-Pecos region of Texas

Matt Hewitt, Borderlands Research Institute, Sul Ross State University

Harvesting grass to feed the world and regenerate resources.

Larry Dale Fritzler, West Texas A&M

Reseeding techniques in the Chilicotal soil series in the Chihuahuan Desert after being chemically treated with Tebuthiuron

Carolina Medina-Nava, Borderlands Research Institute, Sul Ross State University

Long Term Responses of Tanglehead to Prescribed Burning and Cattle Grazing

Chase H. Walther, Caesar Kleberg Wildlife Research Institute, Texas A&M University-Kingsville

Bermudagrass Control and Restoration of Native Prairie for Northern Bobwhites

Anthony D. Falk, Caesar Kleberg Wildlife Research Institute, Texas A&M University-Kingsville

Myths and Facts of Intensive Grazing Systems Grazing

Gerardo A. Bezanilla E., Caesar Kleberg Wildlife Research Institute, Texas A&M University-Kingsville
